Hello Mr. Musto,

We spoke by phone a few days ago. You clarified that your subpoena on behalf of Mr. Bah is an effort to obtain store video and prior reports involving Mr. Bah in Apple Store incidents.

I've confirmed that any store video of this incident was requested after the retention period (usually 30 days). There is no video to produce.

The person who wrote the Loss Prevention Incident Report (J. Beswick) is an employee of the Security Industry Specialists, Inc.

"SIS" can be reached here:

Apple does not retain arrest reports, so after a reasonable search, Apple is not able to locate any responsive information.

This information was prepared by Apple personnel in the ordinary course of business and was obtained during a reasonable search of Apple data based on the information provided to us for identification.

Kind regards,

Greg C.
